NEW YORK -- Tranquilmoney, Inc a leading provider of Practice Tracker™ - electronic health records (EHR) is proud to announce that their e-prescription solution has received the Surescripts 2013 White Coat of Quality Award. PracticeTracker™ receives this prestigious quality award for third consecutive year. The White Coat of Quality Award is Surescript's highest recognition for software providers that uphold strict standards for clinical quality and best practices in e-prescribing.

Practice Tracker™ e-prescribing system is designed to facilitate increased care quality and patient safety. This award is a recognition for our continuous commitment towards improving quality, efficiency and accuracy of e-prescribing process.

### **To qualify for the White Coat of Quality award 2013, Tranquilmoney Inc. was required to:**

- Ø Submit a quality commitment letter signed by senior leadership affirming company's commitment toward a goal of zero electronic prescription content errors.
- Ø Measure e-prescription content error levels monthly and report to Surescripts in a final submission.
- Ø Make software changes needed to reduce e-prescription clinical content error levels.
- Ø Communicate with or train end-users on how to better utilize their e-prescribing system to reduce clinical content errors.

"Surescripts is proud that our truly collaborative efforts with software technology providers are producing continuous quality improvements in e-prescribing and electronic information exchange. It is an honor to work closely with healthcare software professionals who are committed to implementing our proven e-prescribing best practices and who worked hard to earn the White Coat of Quality distinction," said Ajit Dhavle, Pharm.D., Director of Clinical Quality of Surescripts.

"The Surescripts White Coat of Quality Award is a rigorous program that ensures e-prescribing excellence," said G. Cameron Deemer, president of DrFirst. Practice Tracker™ integration of Rcopia® for e-prescribing functionality is instrumental in applying best practices and helping providers improve patient safety and patient outcomes."
